Price includes 1 wired modem. Internet speeds may vary (and are not guaranteed) depending on many factors, including, but not limited to, the distance between the member's and Westman's equipment, member's technical configuration, Internet traffic, server, member's environment, simultaneous use of IPTV (if applicable) and applicable network management. Factors impacting speeds include, but are not limited to, member equipment, your configuration, Internet traffic, and applicable network management. The range of Wi-Fi signal may vary due to electromagnetic interference, home construction material, obstructions, and other environmental factors. Enhanced Home Wi-Fi is not included and is available at an additional cost. Service available in select residential areas. Please call for availability. Service is subject to our Internet Use Policy and Fair Use Policy. Services are available to residential Westman members in select residential dwellings in Manitoba where access and technology permit. Prices subject to change without notice. Westman services are pre-billed a month in advance. Special agreements required for select communities. All rental terms are month to month. Service available in select areas; please call for availability. Taxes are not included. Member is responsible for the use of equipment. Do not expose to heat sources, rain/moisture, or temperature extremes. Equipment remains the property of Westman and must be returned if service is cancelled to avoid additional charges. For a full list of terms and conditions, please visit westmancom.com.

MORE

WESTMAN ENHANCED HOME WI-FI

Experience Wi-Fi Your Way.

More speed. More Coverage. More Control.

**FULL ENHANCED
WI-FI EXPERIENCE.** **\$4⁹⁵**
PER MO.

MAXIMUM COVERAGE ON MORE DEVICES

The latest in Wi-Fi technology delivers maximum signal strength in the home and allow you to use more devices such as laptops, smartphones and tablets at the same time without missing a beat. Starting to add smart home devices? We've got you covered.

Say Hello to Our Wi-Fi Powerhouse

With Westman Enhanced Home Wi-Fi you can discover the latest cutting-edge Wi-Fi 6 technology and experience more speed on all your connected devices with the reliability you deserve.

- **More Speed for the Connected Home** - With more connected devices in your home, your need the speed and reliability to give you seamless access online.
- **Extended Coverage** - Easier than ever to find a quiet spot in your home to work, play, or stream with coverage that allows you to enjoy Wi-Fi in all spots in your home.
- **Longer Device Battery Life** - No more fighting over the charger, since it is like clockwork and all the devices in the home seem to die at the same time. Wi-Fi 6 technology puts devices to sleep that aren't transmitting data.

Complete Home Network Assessment During Professional Installation

Our professional Westman technicians use specialized diagnostic software tools to complete a walk through assessment at the time of installation. By performing a complete home network analysis, they will locate the ideal placement of the modem, check for dead spots (spots where coverage is weak) and ensure maximum coverage in all the areas you use your Wi-Fi. If you require an extender to create wall-to-wall coverage, the first one is included at no additional charge. Each additional extender is \$2.00/mo. each.

Total Wi-Fi Control in the Palm of Your Hands

Our Wi-Fi app gives you the power to control and manage your Westman Wi-Fi, with access to a full range of parental controls, the ability to set guest Wi-Fi networks, change passwords, view what devices are connected, set bedtime schedules and more!

WI-FI LIKE A CHAMPION

Speed and reliability, so no matter how you use your Wi-Fi, it is always at the top of its game... even at peak times!

STAY IN THE GAME

Nothing matches a wired Internet connection for reliable, low-latency gaming, but Westman's Wi-Fi is seriously close!

WORRY LESS

Take your laptop, smartphone or tablet to any room and know that your data is protected with built-in firewall security.

Device Connection Assistance

Thermostats, Alexa, gaming consoles, tablets, laptops, smart phones... Westman understands that each household has many devices connected to the Wi-Fi at once. We'll connect available devices for you during your installation for a seamless transition and hassle-free experience.

Some Seriously Impressive Wi-Fi Support

- Friendly, knowledgeable Technical support 365 days a year, 8am to midnight with additional insight available through specialized diagnostic software that allows us to better assist you.
- Free on-site repairs in case of technical issues that cannot be resolved remotely, plus free replacements for equipment failures.
- Priority appointments for a technician to visit your home in the case of a Wi-Fi outage issue that cannot be resolved remotely.
- Network optimization features, such as band steering and channel hopping, will work seamlessly in the background (no need to lift a finger!) for interference avoidance and maximized speeds.
