

WESTMAN COMMUNICATIONS GROUP LAUNCHES GIGABIT INTERNET

BRANDON MB, November 30, 2017—In early September, Westman Communications Group’s (Westman) \$3 Million investment in network and infrastructure capabilities enabled the increasing of speeds for all their Internet packages, with some speeds being increased by up to 50% faster. Building on the September speed increases, and as part of an ongoing commitment to provide the fastest Residential Internet speeds in Manitoba is the launch of Westman’s Infinite Gigabit service. This service offers download speeds up to 950 Mbps and upload speeds up to 200 Mbps and will be available in all Fibre to the Home (FTTH) residential areas in Brandon.

“Westman is pleased to now offer an Internet service for consumers who are uber-users needing significant bandwidth or support for a large quantity of wireless devices in the home at the same time,” said John Quail, Chief Marketing Officer at Westman Communications Group. “As activities such as online gaming and video streaming become increasingly popular, it is important to us that we have a range of package options that now go up to 1 Gigabit available to support it. This upgrade and launch of the Infinite Gigabit service demonstrates our commitment to exceed our customer’s expectations and to being the local provider of choice.” added Quail.

Westman’s new Infinite Gigabit service will be available to residential customers living in designated FTTH areas within Brandon effective immediately for only \$162.95 per month with free installation.
